ATTENTION :

SUBJECT : MBO Objective OS-D 01-76

REFERENCE : Memo dtd 19 Sep 75 for DD/PTOS
from DD/P&M, same subject

1. In accordance with Milestone #2 of MBO Objective OS-D 01-76, the following is a listing of the files held by the various Division Branches. They are listed by descriptive title with the volume of each given in cubic feet and with the letter designation indicating their retention/destruction category. The latter categories are as follows:

- a. Must be kept by law, directive or regulation.
- b. Must be destroyed.
- c. Should be kept.
- d. Should be destroyed.

2. In the case of the Overseas Security Branch, all files have been designated as "should be kept." However, the files may be reduced approximately 15 percent as a result of routine annual purging.

3. As indicated in paragraph 4 of referenced memorandum, a number of record titles will appear twice. This results from the need to place certain portions of these files in different retention/destruction categories.
